

KYOTO UNIVERSITY of ADVANCED SCIENCE
JUNIOR & SENIOR HIGH SCHOOL

July 25, 2025

To Whom It May Concern:

It is my sincere pleasure to write this letter of recommendation for Mr. David Goeb as he seeks a teaching opportunity. As Vice Principal at Kyoto University of Advanced Science Junior & Senior High School, as well as a teacher in the English Department, I had the privilege of working with David during his one-year tenure at our school.

Though our time working together was brief, David made a remarkable impact on both students and staff. He is an exceptionally reliable, organized, and committed educator. His unflagging enthusiasm and warm personality were a source of inspiration, and his presence is greatly missed.

During his time with us, David co-taught a junior high school homeroom class, providing students with daily English interaction and lesson support. He taught both junior and senior high school classes with a strong emphasis on communication, listening practice, and vocabulary development. His classes were always engaging and student-centered, helping learners feel confident and excited to use English. David also led a focused group in our International Course's Advanced Writing and Presentation course for advanced English speakers. He played a vital role in preparing these students for university-level English, both in Japan and abroad. He worked hard to create an open and welcoming classroom atmosphere where students felt safe, supported, and curious. By being approachable and encouraging, he helped students develop a strong sense of identity as English speakers and contributed to fostering a positive image of native English speakers.

Outside of class, David was active in our school community. He gave a presentation at our faculty development workshop on the potential of using ICT in subject-based teaching and welcomed visitors and colleagues into his classes, including during our school's Open Campus events. He also supported students through after-school lessons and served as a club coach for our English Speaking Society, offering further opportunities for conversational and academic English practice.

David's time at our school may have been short, but his contribution was significant. I have full confidence that he will be a valuable addition to any institution he joins. If I can provide any further information, please do not hesitate to contact me.

Sincerely yours,

A handwritten signature in black ink that reads 'Chika Hashimoto'. The script is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Chika Hashimoto
